Instruction:- Please attempt the questions as per given instructions.

Q. 1 Read the passage attempt the questions as per given instruction.

The World Health Organization (WHO) has declared the new corona virus outbreak, which originated in Wuhan China a pandemic. The virus has acquired the ability to spread among human with cases of human to human transmission such that the overall cases worldwide rose rapidly. The WHO has declared the outbreak a global health emergency. COVID-19 symptoms can include fever, cough and shortness of breath. An easy way to decrease infection rates is to avoid virus exposure. People from India should avoid travelling to countries highly affected with the virus. We should practice for proper hygiene and avoid consuming food that is not home cooked. To prevent the spread of corona virus some measures are to be practiced such as wearing a mask, regular hand wash, using sanitizers and avoiding direct contact with infected persons. We should keep our body hydrated, eat high protein meals and keep on doing yoga and meditation to be safe and healthy. **2×4= 8 marks**
